

TAKING BACK OUR HEALTH

Our union **TOOK BACK** the White House from Trump. We **TOOK BACK** the Senate from the Republicans. We pushed the Democrats for a new relief bill, and **WE WON!**

NOW, IT'S TIME TO **TAKE BACK** OUR HEALTHCARE!

STEPS TO RE-ENROLL IN FREE HEALTH INSURANCE

1 STEP 1: Make sure you are eligible.

You are eligible for FREE coverage (100% government-subsidized COBRA) if:

- You lost (or lose) your coverage due to involuntary loss of your job or reduced hours between 11/1/19 – 9/30/21

AND

- You are NOT eligible for coverage through Medicare or other group health insurance (e.g., from another job or a spouse)

2 STEP 2: Sign up for coverage.

To get coverage, you must fill out a form saying that you are eligible and wish to enroll.

- Enrollment processes will vary depending on your health plan. **check the mail for important materials from your pre-pandemic healthcare plan and/or the U.S. government.**
- In April, the government will release a standard form to be used by your health plan that will allow you to enroll in this new coverage.

3 STEP 3: Coverage begins in April.

Once you are enrolled, your coverage will be retroactive to April 1, 2021.

- Same Health Plan that you had before losing your coverage, with the exception of life and disability
- Coverage will include your same dependents who were previously covered
- If you lost coverage between 4/1/20–3/31/21, you are eligible for up to six months of coverage (4/1/21–9/30/21)
- If you lost coverage between 11/1/19–3/31/20, you are eligible for coverage for a shorter period of time, depending on the date you lost coverage.
- If you become eligible for other group health coverage or Medicare, you must notify Your Plan.

We'll be with you every *step* of the way!
